

Energy Webquest

This website is designed to help you gain a better understanding of energy and how it works. You need to complete the series of activities outlined below and answer any questions in your science journal (full sentence answers). Have fun!

Go to the website: <http://www.energyquest.ca.gov> or if this fails to load go to www.ask.com and in the question toolbox type "Energy Quest" and select the website from the list generated for you.

Click on "**Energy Time Machine**" (clock icon)
Write down one historical energy event from each column

Click on "**Transportation**" (toy car)
What are the alternative fuels that can be used?

Click on "**Super Scientists**" (Albert Einstein picture)
Select a famous scientist and write down when they lived and what they were famous for.

Click on "**How it works**" (Lego blocks)
Write down some info and draw a diagram to help explain your understanding of how a toaster works.

Click on "**Energy story**" (computer)
How many different forms of energy that the website explores.

Click on "**Saving energy**" (light switch)
Write down four energy saving tips.

Click on "**Puzzles and games**" (game boy icon)
Play the "Watts That?" game or complete one of the crossword puzzles.
